The St. Charles office will be open the week of May 4th from 9:00am – 2:00pm. Only patients with pre-scheduled appointments will be seen in the office. Prescription re-fills and urgent calls will be answered by a triage technician. Determination of care will occur at that time. Emergencies or urgent concerns will be handled by the physician on call 24 hours a day, 7 days a week by calling the St. Charles phone number.

Due to the COVID 19 virus, our Elgin office remains closed. Expansion of our office hours will occur as medical protocols allow.
